

Tidal Health Solutions Introduces

Daily CBD Soft Chews

Tidal Expands Wellness Line with Most Potent CBD Soft Chew Multipack on Market

July 6th 2021

(St Stephen, NB): Tidal Health Solutions Ltd. (“Tidal”), one of Canada’s leading suppliers of innovative cannabis-based medical, lifestyle and wellness products, is expanding its cannabis-infused edibles product line with its new CBD soft chew multipack.

Tidal’s new CBD soft chews are designed for daily use, with 25 soft chews in a pack and each soft chew containing 25 mg of CBD. The product can be used by daily CBD users as an

alternative to oil droppers or sprays. Tidal's soft chews come in two popular flavours, Sour Cherry and Watermelon, and are low in sugar and carbs.

“With this innovative new CBD edible offering, Tidal continues to build our lineup of Cannabis 2.0 products” says President and CEO, Mark Burton. “We continue to be a market leader in the THC soft chew segment, and are now launching one of the only high-potency CBD soft chew products on the market. As Tidal continues to focus on lifestyle and wellness products, this new CBD offering fits in perfectly alongside our lotions, lip balms, bath bombs and THC soft chews. Consumers can also look forward to a number of other new and exciting topical and edible products that Tidal will launch in late summer or early Fall.”

The Tidal CBD multipack is currently available in Alberta and will be available in Ontario in early August, with other provinces to follow during the summer.

About Tidal

Tidal is one of Canada's leading suppliers of innovative cannabis-based medical, lifestyle and wellness products. Drawing on our roots in the early days of medical cannabis in Canada, and through extensive product research and development, Tidal has created premium cannabis-infused edible and topical products, dry flower and oils

that are a favourite of discerning medical patients and recreational and wellness consumers across Canada. Follow us on the web Tidalhealth.ca, Facebook, Instagram and LinkedIn. Catch the Tidal Wave!
